

Number	Major Directive Additional Directives	# of Directives	Title	Applicant	OHF Funding Request	Total Project Cost	Summary	Industrial Commission Approved Funding
GR8-004 D	A, B	3	Trail Restoration and Improvement Program Part 2	ND Parks & Recreation Department	\$82,054.00	\$441,870.00	Goal is to improve trail conditions on ND grasslands. There are three individual projects on two separate trails on the Little Missouri National Grasslands--Maah Daah Hey trail and Buffalo Gap trail. Includes surfacing and restoration on the trails.	\$82,054.00
GR8-009 B	A,C	3	Grasslands Enhancement Pilot Project	Ducks Unlimited, Inc. & ND Natural Resources Trust	\$241,529.40	\$438,681.40	Providing necessary infrastructure to improve grazing systems (rotational grazing systems) on school trust and public lands while providing private lands with necessary rest recovery time.	\$230,000.00
GR8-012 B	C	2	The Bee Integrated Demonstration Project	Keystone Policy Center	\$94,768.00	\$527,076.00	Demonstrate how effective best practices for bee forage and nutrition, crop pest control, varroa mite management, and farmer/beekeeper cooperation can be effectively combined and implemented into an integrated program.	\$94,768.00
GR8-002 B	C	2	Cass County Cover Crop Project	Cass County Soil Conservation	\$60,000.00	\$100,000.00	Provide financial assistance and technical assistance for establishing conservation cover crops in Cass County. This program is designed to help promote conservation cover crops and provide cost share to willing participants.	\$60,000.00
GR8-008 B	C	2	Logan County Natural Resource Program	Logan County Soil Conservation District	\$420,000.00	\$700,000.00	Providing technical and financial assistance for the implementation of conservation crop rotations with increased high residue crops, seeding fall crops to increase nesting cover over winter, planting season long cover crops with multi species, implementing prescribed grazing plans and converting cropland to grassland. Implementing conservation practices to address cropland and grassland resource needs for the benefit of livestock production, soil health and wildlife management.	\$210,000.00
GR8-005 C	A,B,D	4	Powers Lake Watershed Project-Lake Improvement Phase	Powers Lake Watershed Management Committee/City of Powers Lake	\$220,000.00	\$571,500.00	Primary goal of the Powers Lake Watershed Project (PLWP) is to protect and restore recreational and aquatic life beneficial uses. These grant dollars will be used to dredge the lake and remove at least 150,000 cubic yards of sediment over the next 10 years.	\$220,000.00
GR8-006 C	A,B,D	4	LaMoure County Dam Reparation Project	LaMoure County Water Resource District	\$135,000.00	\$180,000.00	Repair of three dams -- Schlenker Dam, Kulm-Edgeley Dam, Schlecht-Thom Dam. The objective of this project is to carry out the necessary reparations to these dams so that they can continue to support viable fish populations and provide wildlife habitat and corresponding recreational opportunities.	\$135,000.00
